

## Prevention of new coronavirus infections

At Tokyo Midtown Skin Aesthetic Clinic Noage, we are taking thorough safety measures against a new coronavirus infection so that everyone can visit with peace of mind.

Below is an overview of our safety measures.

### ◆Within the facilities

- Check system at the clinic entrance

All customers will be asked to check their physical condition using the "Questionnaire about new coronavirus infection", measure their body temperature, and disinfect their hands by themselves.

- Disinfection of door knobs, handrails, elevator buttons, etc. by alcohol or sodium hypochlorite in the reception area, dressing rooms, examination rooms (including medical exam equipment), and consultation rooms (desks and chairs) every time after use

- Opening the door of the entrance to the facility and installing an air cleaner using hypochlorous acid and a humidifier using slightly acidic electrolyzed water

- Nurses and laboratory technicians wearing gloves, goggles, face shields, gowns, and foot covers when droplet infection is assumed

- Installation of acrylic boards to prevent droplet infection at reception

- Ensure a minimum distance of 1m from the customer as much as possible

#### ◆To our employees

- Daily temperature check including non-working days for all staff members(attendance suspended when having a fever higher than normal), wearing masks at all times for all staff members, and thorough hand disinfection by washing hands before and after examinations and using alcohol disinfectant

#### ◆Requests to customers

- Please wear a mask to prevent droplet infection (If you don't have it, we will give it to you.)

\*In accordance with the directive from the Ministry of Health, Labor and Welfare, **we also request that you continue to wear a mask at Tokyo Midtown Clinic after March 13, 2023.**

\*If you have symptoms and will not wear a mask, we may ask you to not visit our clinic from the viewpoint of preventing the spread of infection. We ask for your understanding and cooperation.

- If there are any findings suggesting a new coronavirus infection in the CT examination or chest X-ray examination on the day of the consultation, we ask you to cancel or postpone your consultation based on the judgment of the doctor.

At Tokyo Midtown Skin Aesthetic Clinic Noage, we will implement the safety measures described above, and we will make every effort to ensure that everyone can continue to visit our clinic with peace of mind and to maintain their daily health.

We appreciate your understanding and cooperation.
